PLAN REVIEW REQUIRED

See below for plan review requirements before completing this section. Plans and specifications must be submitted when the wiring or alteration to an electrical system is over 400 amps and is in excess of 3,500 square feet in area.

What is the rating of the service or feeder in ampere? _____

What is the building size in square footage? _____

Have plans been submitted? Yes No Not Required

Plans are required for all building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to 1980 PA 299 and shall bear that architects or engineers signature and seal, except:
1. When the electrical system rating does not exceed 400 amps and the building is not over 3,500 square feet in area.
2. Work completed by a governmental subdivision or state agency costing less than \$15,000.00.
Plans must be submitted before a permit can be issued.

APPLICANT SIGNATURE Section 23a of the State Construction Code Act of 1972, Act No. 230 of the Public Acts of 1972, being section 125.1523a of the Michigan Compiled Laws, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of section 23a are subject to civil fines.

HOMEOWNER AFFIDAVIT I hereby certify the electrical work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the State Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the New Haven Electrical Inspector. I will cooperate with the New Haven Electrical Inspector and assume the responsibility to arrange for necessary inspections.

Signature of Licensee or Homeowner (Homeowner's signature indicates compliance with Homeowner Affidavit)
